fects or consequences; which cannot be said of a limedicines.

At this season of the year, when attacks of the Dlarr hoa and Bowel Complaint are so prevalent, this articles can hardly be too much used. It prevents as well as cures diseases of this kind.

To travelers and those exposed to changes of climate and water, this remedy is especially recommended. It counteracts to a great extent the injurious affects of bad water, as well as undue exposure to beat and dampness. A few doses of this medicine will prevent attacks of disease, avertilingering illness and perhaps death.

Much difference exists in the quality of the root obtained from different parts of the world, some samples containing comparatively but little strength. The African Ginger Is found to possess greater strength than any other variety. This is the article used in this preparation. Put up in 4 cz. bottles. Price 26 cents.

Upon the recommendation of Dr. Cockes, one of our physicians, who had seen the medicine used with happy effect, I obtained of your agents here, Messrs. Rice & McFarland, one bottle of "Dr. Guysott'a Extract of Yellow Dock and Sarsaparilla," and as my wife found relief from that bottle, I bought some six bottles, which she has taken with the most astonishing benefit, for I am pleased to say it has entirely cured her, for she has ontirely recovered from her illness, and the Scrofula and

unagnter was troubled with difficult menatruation, and other diseases peculiar to her sex. She had not had her regular menatrual discharge for a long time, but by the use of Dr. Guysott's Yeilow Bock and Sarsaparilla was radically cured. She used Townsend's and others without receiving the slightest benefit. He had one daughter die from the same cause.

FLUID EXTRACTS! FLUID EXTRACTS!

We are now preparing and keep constantly on hand the Pluid Extract of Cuhehs, Rbuharh, Sarsaparilla, Senna, Burdock, Valerian, Plakroot, and Senna Rhatany and Pareira Brava. These Extracts are prepared in the most careful manner, and are not lajured hy heat (as is mest frequently the case); they combine all the active principles of the substances from which they are obtained, and are so pleasant that children will take them without difficulty; the dose is mucb amaller than can be given in any other manner. We invite the attention of practicing physicians to these Extracts, as they often experience great difficulty in getting their patients to take large nauseous loses of Senna, Pinkroot. Cubebs, 4c.

Our Extractor Rhatany is one of the beat astringents that can be obtained, and trom its mild and pleasant action ra peculiarly adapted to the Summer Complaint and Diarrhas of children. It can be used alone, or in combination with other remedies.

Our Extract of Sareaparilla is made from the Granging Honduras Sarsaparilla; we cau confidently recommend it to Physiciana, as it is made from the formula of the United States Pharmacopea, and is of uniform strength.
